

Dreamweaver CS6: Advanced ACE

AX1426035780 (Rev 1)

English

Instructor

Duration:

One day

Description:

Dreamweaver CS6: Advanced, ACE Edition is part of a two-course ILT series that will help students prepare for the Adobe Certified Expert exam for Dreamweaver CS6. In this course, students will learn how to design pages with CSS; create and apply templates and server-side includes; and build accessible forms that validate user information. Students will also learn how to position elements and apply behaviors, integrate XML-based data, create jQuery mobile pages, and collaborate with other site developers.

Data disc available separately. See ISBN 978-1-4260-3778-8.
